[Beginners Guide To Mixing Music](#)

A beginner's guide to mixing music. Mixing – one of the “dark arts” of music production. It can be time-consuming, but mixing your music well can mean the difference between a track sounding weak, or sounding full and professional. “Music is not math. It’s science. You keep mixing the stuff up until it blows up on you, or it becomes this incredible potion.” – Bruno Mars. Like a ...
