Jan 23, 2021

[Continence Promotion And Management By The Primary Health Care Team Consensus Guidelines](#)

In primary care, nurses are key in managing and monitoring stable patients, and supporting patients' ability to self-manage their condition. Nursing care. Many nursing roles are ideally placed to support patients to live well with COPD. As discussed in part one, COPD has no cure and, although medication can help to mitigate some of the symptoms, it cannot alter the inevitable course of the ...
