[Curse Of The Healer Ashley York](#)

Curse of the Healer by Ashley York is her newest novel and a start of a new series called Descendants of the High King. Ashley York is the queen of writing about the early Middle Ages. She not only makes us feel like we are among the characters, but we worry about them and care about the outcome. We met Aednat before in a previous book and learned about her difficult early life.

Healing is, in our opinion, the most stressful and difficult role to perform. There are a multitude of factors involved in performing well as a healer, but we feel that the most important ones are reactivity (greatly helped by a proper UI setup) and class and encounter knowledge.. While part of being a great healer comes from personal skill (which we will attempt to define and dissect below ...
