[The Interactionist Perspective | Introduction to Sociology](#)

Sociological Paradigm #3: Symbolic Interactionist Theory. Symbolic interactionism is a micro-level theory that focuses on meanings attached to human interaction, both verbal and non-verbal, and to symbols. Communication—the exchange of meaning through language and symbols—is believed to be the way in which people make sense of their social worlds.

[E Study Guide For Symbols Selves And Social R by...](#)

Symbolic interactionism is a major sociological paradigm that is influential in many areas of sociology. It is particularly dominant in microsociology and sociological social psychology.. Symbolic interactionism is derived from American pragmatism and particularly from the work of George Herbert Mead, who argued that people's selves are social products, but that these selves are also purposive ...
