Keith Lowe is a writer and historian, whose works have been translated into twenty languages worldwide. His latest book, The Fear and the Freedom, is a groundbreaking exploration of the many consequences of the Second World War around the world. How did the war affect our politics, economics, science and technology? How did it influence our philosophies, our art, and our architecture? And most ...

[Review: The Fear and the Freedom: How the Second World War ...](#)

In an ambitious history, Lowe (Savage Continent: Europe in the Aftermath of World War II, 2013, etc.) follows his study of the anarchy and devastation of postwar Europe with an overview of the effects of the war globally. Each of the chapters begins with the story of an individual who “was profoundly affected” by the events of the war.

I THE FEAR AND THE FREEDOM . The Second World War was one of the most catastrophic events in human history. But how did the experience and memory of bloodshed affect our lives? The world that emerged after 1945 was entirely different to the world that had gone to war. The European empires were swept away, and replaced with two new superpowers in a new, global Cold War. Scientists had delivered ...
